August 2019

Welcome

I hope you are all enjoying the summer weather and getting out and about in a safe manner?

Last month I attended the Llandoverly motorbike show ,It was a relatively small event but it was a pleasant ride and upon arrival there was a lot of motorcycle exhibits to keep me interested for several hours. Whilst there I visited the south Wales ROSPA stand and received a very warm welcome. They were putting on slow speed riding demonstrations in the event arena and promoting themselves and rospa in a very professional manner. I am sure they will have signed up some new members from this event.

Training

ROADAR have updated the Diploma motorcycle course, this is a 5 day course which takes place around the country at various dates. Applicants must be a gold test holder and have a good knowledge of both Roadcraft and the Highway code. Further details can be found on the ROSPA website.

I am a strong believer that training is essential to becoming a safer rider, training must always be good training and I am sure Rospa gives this. I have been doing a little research and have been shocked at some of the private company's advice, so please be careful when seeking advice.

The sun is currently shining so I am off for a short ride on my bike.

Please contact me if you think I can be of any assistance
Thanks Martin Powell
