2026

Groups Information

RoSPA's Advanced Drivers and Riders is a network of local groups that have trained and experienced tutors willing to offer you free advice, assessments and support to help you prepare for RoSPA's advanced test.

The people listed are committee group members who can put you in touch with a tutor who lives in your area or provide you with details of group training sessions. You will be able to make arrangements for tuition to help you become an even better driver or rider and to show how good you really are.

You can also contact headquarters or view the website, details of which are at the end of this leaflet.
